

10 - Contact Experience

Triads Future

Contact Page Experience Blueprint

Version: 1.0

Status: Locked

Purpose

The Contact page exists to transform trust into action.

It is not a traditional contact page.

It is the beginning of a business relationship.

Instead of asking visitors to complete a lengthy enquiry form, the page should make scheduling a conversation feel simple, approachable and valuable.

The objective is to reduce friction and increase qualified appointments.

Primary Goal

Encourage visitors to book a Strategy Call.

Secondary Goal

Reduce uncertainty about what happens after making contact.

Visitor Mindset

By the time visitors reach this page they already know:

- Who Triads Future is.
- How the company works.
- The quality of previous work.
- The company's philosophy.

Now they are deciding:

Is it worth reaching out?

The Contact page should remove hesitation.

This small statement builds confidence.

---

## # Section 07 – Frequently Asked Questions

### Examples

Do you work with startups?

Do you work outside Kerala?

How long does a typical project take?

Do you provide ongoing support?

Can I request multiple services?

FAQ improves both usability and SEO.

---

## # Section 08 – Closing Message

End with reassurance.

### Suggested Theme

Your business deserves thoughtful solutions, not generic recommendations.

Let's begin with a conversation.

---

## # Writing Style

The page should feel:

Welcoming

Professional

Calm

Confident

Helpful

Avoid:

Sales pressure

Urgency tactics

Marketing hype

Complex language

---

## # Visual Direction

The Contact page should feel open and inviting.

Use:

Generous whitespace

Simple layouts

Friendly photography

Minimal distractions

Clear typography

Avoid unnecessary visual complexity.

---

## # Animation Guidelines

Animations should support confidence.

Recommended

- Smooth form appearance
- Timeline reveal
- Button hover feedback
- Confirmation animation after submission

Avoid decorative motion.

---

## # Mobile Experience

The mobile version is especially important.

#### Requirements

- One-handed usability.
- Large tap targets.
- Short booking process.
- Minimal scrolling.
- Sticky "Book Strategy Call" button (optional).

The booking experience should take less than one minute.

---

#### # Desktop Experience

Use a balanced two-column layout.

#### Example

The admin panel should support this workflow.

CMS Requirements

The admin should be able to:

- View appointments.
- Update appointment status.
- Record notes.
- Mark completed.
- Delete spam requests.

Future versions may include automated reminders and CRM integration.

SEO Strategy

Focus keywords

- Contact Triads Future
- Business Growth Consultation

- Strategy Call
- Marketing Consultation
- Technology Partner

Use structured data where appropriate.

Success Criteria

Visitors should leave the page feeling:

- Comfortable.
- Understood.
- Confident.
- Ready to begin a conversation.

The booking process should feel significantly easier than completing a traditional enquiry form.

Things To Avoid

Do not:

Use long enquiry forms.

Ask unnecessary questions.

Force account creation.

Hide contact information.

Create uncertainty about the next steps.

Overcomplicate the booking process.

Final Principle

The Contact page should never feel like submitting a request.

It should feel like scheduling a conversation with a trusted business partner.

If visitors think:

"This is easy. Let's talk."

then the Contact experience has achieved its purpose.
